GOVERNOR RAMPANT IN ARIZONA

Washington, Aug. 26.—John Murray, president of the "Protophysical union, and Richard O. Tyler, president of the "Miners' union, are in Washington as delegates to the Arizona state federation of labor, the Arizona state American Federation of Labor with the "Loyalists' union, and the "Loyalty League, which are running a campaign in that state and overthrowing all other unions.

Following the deportation of over 1,200 workers from Mexico, on July 12, 1918, the Arizona Federation of Labor, at its annual convention at Clifton, appointed a committee of five to investigate the situation of the workers. The committee carried credentials from the governor of the state. When the committee arrived at Clifton it was met by a band of armed vigilantes in five automobiles.
